

End-of-Sale and End-of-Support Notification Savvius Omnipliance WiFi

Savvius is announcing the end-of-sale and end-of-support dates for:

Savvius Omnipliance WiFi

Savvius will continue to provide hardware warranty support and software upgrades and bug fixes for Priority 1 (P1) critical issues and Priority 2 (P2) major issues (as determined by Savvius) for the listed Omnipliances through your current maintenance contract date. Savvius will no longer offer hardware or software warranty extensions on appliances after five years.

All pertinent dates are as follows:

Milestone	Definition	Date
End-of-Sale Date	Last date to order. Product will no longer be sold following this date.	June 30th 2018
End-of-Support	P1 bug fixes for this product end on this date.	Please view your Maintenance Contract by logging into Mypeek.

Going forward all of the capabilities of Savvius' Omnipliance WiFi will be integrated into our world class packet capture and analysis appliance running our latest 12.1 software release. Out of the box, Savvius Omnipliance C110 will now come equipped with 4X 1G ports ready to capture and analyze tunneled wireless packets from supported APs/controllers, including 802.11ac WLAN data, providing performance visibility and problem identification across multiple deployed access points (APs).
